Member of Parliament,  
Thane.

Dear Sir,

**Sub: Your agenda items for meeting on 13-9-10.**

\*\*\*\*\*

The agenda items as given vide your letter No.Th-10/09/301 dated 4-9-10 were discussed in great detail in my chamber on 13-9-10. Briefly the status of the items are as under :-

- Information-Proposal Plan/Budget/Time Frame for upgradation of Thane Railway station to World Class level :-

Thane has been declared to be developed as a World Class station. As per Board's guidelines, action to fix architect-cum-technical consultation for developing the master plan is under process. The budgetary provision to award the contract for technical survey is available. It is likely to be framed within this year and it will take about twelve months for the consultant to submit a detailed feasibility report after taking NOC from different bodies like local authority, State Government, transport authority etc. The budget and time frame will be decided only after submission of the report by the consultants.

- Stopping all long distance trains at Thane Station :-

Presently, 34 Down and 40 Up trains are given halt at Thane station. It is a double stoppage halt because of less capacity of the platforms. It is not considered to be a very safe operation.

The problem of platforms will automatically get tackled once Thane becomes a World Class station.

- Follow up on PRS Centre at Thane City :-

The PRS Counter can be opened in district office provided proper accommodation and space for queue length is provided by the Zilla Parishad.
